The recent strike among the puddlers of Pittsburg has terminated, and the result, as in all strikes latterly among this class of work-men, has been an almost entire failure to obtain the end desired. The price demanded was \$4 50 per tun; this has not been obtained, and the mills are again in operation, with the exception of Bailey's, at prices ranging from \$3 50 per tun, all cash, to \$4, part cash, part trade. The facility with which workmen can be procured from other cities, and the entire lack of combination among the strikers, must always render such attempts abortive. The truth of this was fully demonstrated during the recent strike.

A brutal fellow, in New York, recently made an outrageous assault on his son, a blind boy aged fourteen years. The ruffian undertoo o beat his wife, and on his son attempting to save her, he was attacked by his father, who seized an iron-bound paint-brush, struck his blind son over the head with the weapon, and knocked him insensible to the floor. The lad was taken to the hospital, where he lies in critical condition.
